- The proceeds from the IWDGD have been **fully** expended towards the acquisition of uniforms for 37 learners from Little Roses Early Childhood Centre as part of our social upliftment initiatives.
- An additional amount was raised during the awareness and fundraising drive leading up to the Little Roses Early Childhood Centre Outreach Day. A portion of this amount was spent on meals and refreshments for the outreach. Additional expenditure was incurred on the purchasing of printing paper and toilet paper that was donated to the centre.
- The net proceeds from the above fundraising drive were allocated towards the expenses for the second outreach initiative at Impilo Child Protection and Adoption Services.

- To fulfil the objective of 'developing members socio-economically', a care voucher was given to a fellow member due to their elderly status.

4.1. EDUCATION

- We held our inaugural men's masterclass on the 8th & 9th November. This function was open to men only, and served as an empowerment session for men. Various speakers gave talk on Men's Health – both physically and mentally. Financial empowerment was covered and so was leadership – business and family. All the speakers premised their talks on bible teachings, as they are all Christians. Below are some pictures over the two days and the poster advertising the event. This will be an annual event as it serves a crucial part of our mandate for the YMG.
